

Western Regional Aquaculture Center Seeks Committee Nominations

The Western Regional Aquaculture Center (WRAC) is currently soliciting nominations for individuals to serve as representatives on the **Industry Advisory Council (IAC)** and as members of the **Technical Committee's (TC) Research Subcommittee**. Nominations are invited from all sectors of the aquaculture community in the twelve states of the western region.

INDUSTRY ADVISORY COUNCIL (You may nominate more than one individual)

The IAC provides input regarding the needs and priorities of the regional aquaculture industry with respect to the research, extension, and development programs of WRAC. Members are selected from all sectors of the aquaculture industry, including finfish and shellfish producers, suppliers of goods and services, and marketing and distribution personnel.

TECHNICAL COMMITTEE/RESEARCH SUBCOMMITTEE (You may nominate more than one individual). The Technical Committee provides input to the Board of Directors regarding regional research and extension needs and priorities, development and assessment of new projects, and evaluation of ongoing projects. Individuals with extensive scientific expertise in any of the following disciplines are desired:

General fish culture	General shellfish culture	Water Quality
Fish nutrition	Shellfish nutrition	Diseases of fish
Diseases of shellfish	Broodstock management	Genetics
Engineering	Physiology	Reproduction
Marketing	Product quality/preservation	Economics

To submit a nomination, provide the information requested on the form below, identifying whether the nomination is for the Technical Committee or Industry Advisory Council, and specifying the nominee's area of expertise. *Please either enclose or arrange for a short curriculum vitae to be sent to the address below*. Include your contact details in case further information is needed. Forward the information via:

e-mail: grahamy@u.washington.edu

mail: Graham Young
Executive Director, WRAC
School of Aquatic and Fishery Sciences
University of Washington, Box 355020
Seattle, WA 98195-5020
